2021 CATALOG

Project by Harrison Design and Green Island Design
Brooklyn, NY (Featured on Page 12)

About Us

InstantHedge™ was founded in 2012 to bring finished hedges, available in Europe for decades, to the US market. Working closely with QuickHedge in the Netherlands, we obtained US patents for the specialized equipment needed to bring this game changing technology across the pond. Our first hedges began shipping in 2018.

2020 has been a crazy year and we're selling out of varieties regularly...so don't delay.
The best time to reserve hedges for your projects is now.

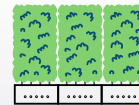

Quick Facts:

Hedges from 18" to 6ft (7ft in fall 2021)

20+ Varieties available

50 Miles of hedges in production

Annual root pruning for shock-free shipping and planting

2 Week turnaround

Sustainably grown with drip irrigation, spot fertilization, & IPM

Now taking pre-orders through 2023!

Specifications

Original InstantHedge™

- 3-4', 4-5', or 5-6' heights
- 40" long
- About 250 lbs per unit
- Field grown

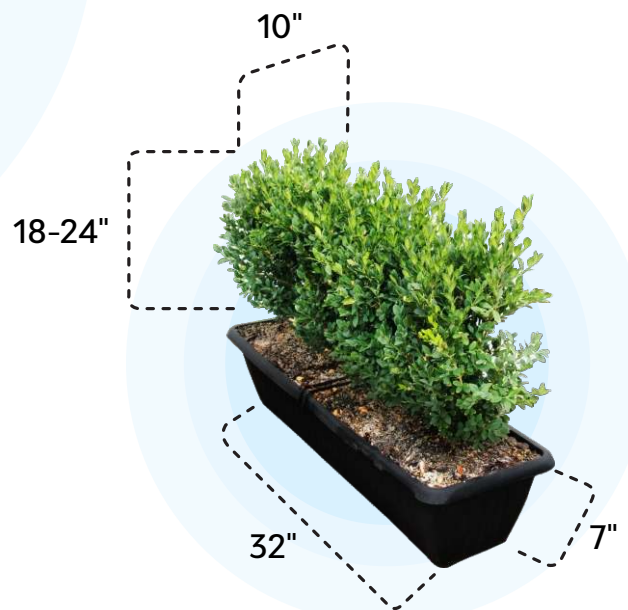

“

“How do I specify InstantHedge™ in my projects?”

Easy! Select the variety, height, and linear feet.
That's it!

MiniHedge

- 18-24" height
- 32" long
- Less than 40 lbs per unit
- Container grown

Shipping

Our hedges ship on pallets.
We coordinate freight from a few
pallets to full truck loads.

MiniHedge

- 24 Units per rack
- Plastic nursery containers
- 40 lbs per hedge unit
- 1200 lbs per pallet
- 26 Pallets per truckload (624 units)

InstantHedge™

- 3-4 Units per pallet
- Biodegradable cardboard boxes
- 250 lbs per hedge unit
- 1000 lbs per pallet
- 30 Pallets per truckload (90-120 units)

Green Mountain Boxwood MiniHedges ready to travel to a formal garden in Pennsylvania.

Roots grow right through the biodegradable cardboard!

4-5' European Beech InstantHedge™ staged before loading onto a semi for a landscaper in Connecticut.

Waiting **years** for a finished hedge is a thing of the past . . .

Simple from Start to Finish

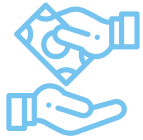

1 Place Your Order

Contact Us

Contact our sales team at order@instanthedge.com with project details (hedge specifications and total linear feet) to obtain a quote including freight.

Payment Terms

First time orders - prepayment required. A 25% deposit may be required for orders placed more than 3 months before shipping.

Timing

Confirmed orders can ship immediately for delivery within 2 weeks.

Shipping

Your hedges are dug to order for the freshest possible product. They will be shipped on pallets via a full truck load, partial truck, or LTL carrier depending on the order size and delivery requirements. We will communicate with you throughout the shipping process.

2 Dig a Trench

3-6' tall InstantHedge™:
Dig a trench 12" deep by
18" wide

18-24" MiniHedges: Dig a
trench 7" deep by 12" wide

3 Place Hedges

InstantHedge™ and
MiniHedge units are
pre-spaced. Place them
snugly end-to-end in
the trench.

4 Finishing Touches

Fill in around your
hedges with soil. Apply
mulch. Water the hedge
well until it is established
(drip irrigation is ideal).
Slow-release fertilizer in
spring is also beneficial.

5 Enjoy

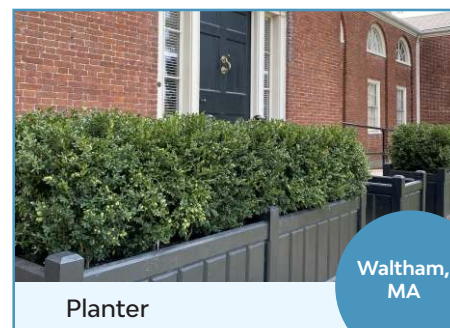

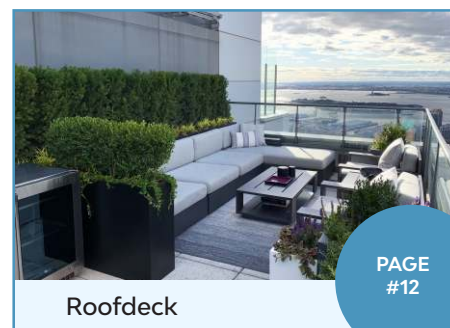

The hedge is finished
in one day. Now you
can sit back and relax,
knowing your
beautiful new hedge
is complete!

5 miles of Boxwood MiniHedges - ready to ship

Case Studies

Explore some real life examples of how our clients have used InstantHedge™ to create instant privacy and design.

“Everyone is so happy with the end result. The landscaper loved how easy it was to install, and the homeowner was thrilled that he didn't have to wait three years for a finished hedge!”

Pierson Nurseries, InstantHedge™ Distributor for Maine.

Case Study #1

Virginia Estate

by Barrett's Horticultural Services

"I've never seen a customer so excited about hedging - she was jumping up and down!"

- Ashley Barrett

This estate garden renovation in Virginia was immediately revived with Green Mountain Boxwood MiniHedges. Hedge units were scored and bent to achieve the subtle curves.

Case Study #2

Chicago Restaurant Patios

by Angel Guardian Florist

HEDGES USED

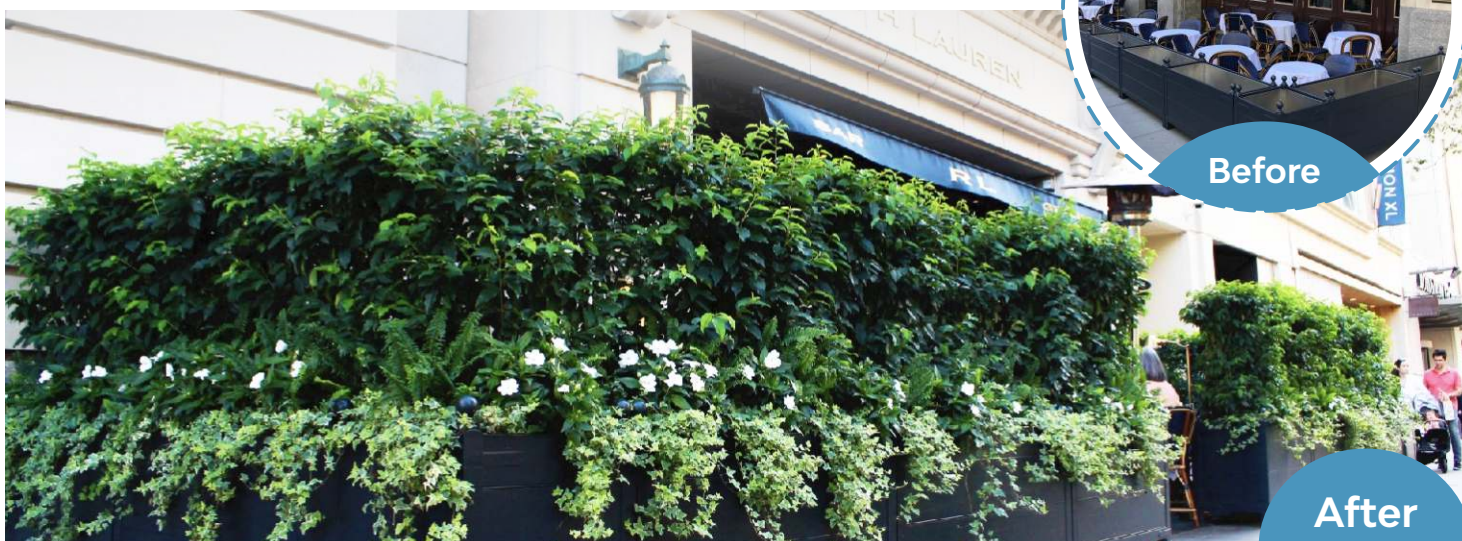

Green Mountain Boxwood
MiniHedge & Portuguese
Laurel InstantHedge™

Lanette Letman and her team at Angel Guardian Florist designed this screen using Portuguese Laurel InstantHedge™ to create a private outdoor dining area at Ralph Lauren Bar & Grill in Chicago. The results were clearly stunning!

Before

After

Angel Guardian Florist specializes in restaurant floral displays, both indoor and out. They used our MiniHedges to create social distanced spacing for carryout lines!

Case Study #3

Brooklyn Roofdeck

by Harrison Design & Green Island Design

Hicks Yew and Green Mountain Boxwood hedges brought structure and life to this downtown Brooklyn balcony garden. Their sleek planters and furniture were perfect to complement the plantings.

Case Study #4

Long Island Formal Garden

by Mortimer Garden

HEDGES USED

Green Mountain Boxwood
MiniHedge & European
Beech InstantHedge™

Mortimer Garden is a family-owned business in New York. They create beautiful designs, coordinate installations, and carefully maintain landscapes. They used Green Mountain Boxwood and European Beech hedges for this install in Glen Cove, NY in 2020. This project demonstrates that MiniHedges work perfectly for intricate knot designs and planting in curved shapes.

Layout

Planted

AFTER

Boxwood MiniHedges create a knot garden in just 1 day.
Hedge roots were scored on one side to produce the curves.
